

KYRGYZSTAN

is open for tourists!

For a comfortable trip please pay attention to **the rules for visiting Kyrgyzstan during the pandemic:**

Since December 4th, 2020, foreign citizens and stateless persons may enter Kyrgyzstan by **regular flights** through international airports **Manas, Osh, Issyk Kul.**

Staff at quarantine points will also conduct **thermometers** upon entry of passengers on aircraft board.

Every foreign citizen entering Kyrgyzstan must have a certificate in English with a **negative result of PCR test** for COVID-19 made **no earlier than 72 hours** before arrival. Foreign citizens without negative PCR test **will not be allowed on board.**

If, at the time of entry, the **PCR test has expired** due to reasons related to the duration of the flight or flight delay (more than 72 hours have passed since the study was conducted), foreign citizens and stateless persons will be required to undergo a PCR study at the place of arrival.

In the territory of the Kyrgyz Republic the following hygienic requirements must be observed: **wear masks in public places**, maintain a social distance.
